

## Safari in the city

Head to New Street for the ultimate safari experience!

The idea is to take our guests through the history of the building housing the New Street wine shop, Fish Market restaurant, New Street Grill and Old Bengal Bar.

The safari will start at the New Street Wine Shop where our outstanding and knowledgeable team of Sommeliers will greet you with a glass of bubbly or wine of the week accompanied with a wonderful selection of cheese and charcuterie.

Next stop will be our unique idea of a “seaside in the city” at the lovely Fish Market restaurant where you will be enjoying a starter off a selected menu; our “best sellers selection”.

With a superb selection of steaks and award winning wine list, the New Street Grill will be your next treat for a steak and side accompanied by a glass of wine selected by our amazing Sommelier.

The evening will end at the Old Bengal Bar where you will enjoy desserts and coffee.
